Good start to the year

Dear Reader,

[Coinciding with my arrival in January](#), we have started the year with a new [FEHRL Supervisory Board \(FSB\)](#), led by President Stefan Strick from BAST. He is supported by two Vice-Presidents, Hélène Jaquot-Guimbal (Director-General of IFSTTAR) and Gerald Waldron (Managing Director of ARRB), as well as Past-President Claude Van Rooten (Director-General of BRRC) and financial supervisor, Andrzej Urbanik from IBDiM. This new team has already met twice, including in January at TRB, to set the agenda of key topics for FEHRL, which include [FEHRL's 25th anniversary](#) on 13th November 2014 and future vision for the Association.

FEHRL is well known for developing Strategic European Road Research Programmes (the latest being [SERRP V](#)), and roadmaps such as [Forever Open Road \(FOR\)](#) and FORx4, and is now in the process of moving these from a conceptual to operational phase. Thus, we are busy coordinating proposals for [Horizon 2020](#) and implementing our international cooperation and programming by bringing to life the [Cooperative Agreement](#) signed with our Associate member FHWA in September 2012 through both the current [Infravation](#) and [MIRIAM](#) programmes.

Come and learn more about these developments at the FEHRL stand (B1) at the [Transport Research Arena](#) (TRA2014) from 14-17th April in Paris. We will also have an invited session on FOR on **Thursday 17th April from 2-4 p.m.**, featuring key FEHRL members involved in developing FOR, so we look forward to seeing you there!
