May-June 2014

Issue 3 2014

UPCOMING EVENTS

July

10-11th: ECOLABEL Project Management meeting
Coordinators meeting

More events at

<http://www.fehrl.org/calendar>

SMARTRAIL AND TRIMM FINAL CONFERENCES

Register now for the SMARTRAIL final conference on **25-26th August 2014** at the Grand Hotel Union Business (GHUB) in Ljubjana, Slovenia.

And also register for the TRIMM project's final conference held in cooperation with the European Profile Users Group (ERPUG) on **23-24th October 2014** at the Diamant Center in Brussels, Belgium.

International collaboration and implementation of results

Dear Reader,

Click [here](#) (PDF) or [here](#) (online version) to take a look at the fourth issue of the FEHRL Infrastructure Research magazine (FIRM), which is currently being distributed in hard copy to FEHRL members and key transport infrastructure stakeholders. This fourth issue focuses on **international collaboration** and the **implementation of results**, as well as the FEHRL highlights of TRA2014 and includes articles on the [TRA Visions](#), [FOSTER-Road](#), [PROS](#), [ROSANNE](#), [ECOLABEL](#), [AllBack2Pave](#), [TRIMM](#), [SMARTRAIL](#), [SAFELIFE-X](#), [INCRIS](#) and [SUP&R ITN](#) projects.

Otherwise, FEHRL members have been very busy preparing proposals for the [Horizon 2020](#) and [Infravation](#) Calls. The March Horizon 2020 Call was heavily oversubscribed and FEHRL is now working to keep funding for R&D&I in engineering solutions for the maintenance of the road network with a focus on adaptability, automation and resilience.

FEHRL is also collaborating with key European transport infrastructure partners and others to integrate road infrastructure with cross/inter/multi-modality aspects. Besides, FEHRL is putting an emphasis on the exploitation and implementation of R&D&I results. To that end, FEHRL will sign a Memorandum of Understanding with key stakeholder CEDR at the already announced [FEHRL 25th anniversary](#) on **13th November** at FEHRL member BRRC's premises in Sterrebeek, Belgium.

Autumn events in the pipeline

FEHRL is now preparing three new key events to take place as of the autumn. The first is a one-day stakeholder workshop to present the [FEHRL winners of TRA Visions](#) and explain how FEHRL implements such projects through [FORx4](#). The event will take place on **22nd September** in the FEHRL office in Brussels.

Secondly, a new [International Project Management](#) training course with an overview of the Horizon 2020 programme is being organised, again at the FEHRL office, on **4-6th November** along with a special one-day training course focused purely on the financial part on **7th November**.

And a FEHRL US Scanning Tour 2014 on the theme of the [Automated Road element](#) of [Forever Open Road](#) is being planned for **6-14th December 2014**. More details to follow but contact [Isabelle Lucchini](#) if you would like to join any of these events or need more information.
