

FEHRL/SHRP 2 JOINT SYMPOSIUM - TRANSPORT RESEARCH ARENA 2010

## LONG-LIVED BRIDGES

8 & 10 June 2010

### Call for Posters

A symposium focusing on long-lived bridges, jointly sponsored by the Transportation Research Board's Strategic Highway Research Program 2 (SHRP 2) and the Forum of European national Highway Research Laboratories (FEHRL), has been organized within the Transport Research Arena (TRA 2010) conference that will take place this June in Brussels, Belgium. The two-part symposium will be conducted in sessions held on the 2 afternoons

#### **Tuesday 8<sup>th</sup> June- 13.45 - 17.00**

Keynote presentations: Long Lived Bridge Research in Europe and the United States  
Visit to Poster Session on Long Lived Bridges  
Panel Discussion: "Why do we need research on long lived bridges?"

#### **Thursday 10<sup>th</sup> June – 14.00 – 18.30 - followed by a cocktail**

Review of SHRP 2 bridge renewal research in the United States

- Overview of work in progress in SHRP 2's bridge renewal research projects
- Presentations on related work in Europe
- Questions by presenters seeking guidance from attendees

*Delegates of TRA 2010 are welcome to attend this symposium without any additional registration or attendance fee.*

This is a call for posters on Long Lived Bridges. Authors are now invited to submit 200 word abstracts to [bridgesymposium@fehrl.org](mailto:bridgesymposium@fehrl.org) by 17:00 Central European Time, on Friday 30<sup>th</sup> April 2010.

Posters can be on any topic related to Long Lived Bridges, including:

- New, more durable materials for bridges
- Non-destructive testing
- Reliability analysis and modelling

After the keynote presentations on the afternoon of Tuesday 8<sup>th</sup> June, delegates at the joint symposium will be invited to visit the poster session. Authors are requested to attend at that time to discuss the content of their posters with delegates.

The purpose of this symposium is to enable SHRP2 and FEHRL researchers to report to the bridges and structures community on the status of ongoing research, and for them to seek comments and advice from each other and the attendees on their incomplete work that will enhance the chances of success of these projects and improve the quality of their results.

Information about TRA 2010, SHRP2, and FEHRL can be found at

TRA 2010: <http://www.traconference.eu/>

SHRP2: <http://www.trb.org/StrategicHighwayResearchProgram2SHRP2/Public/Blank2.aspx>

FEHRL: <http://www.fehrl.org/>

*Please plan your stay in Brussels to permit you to participate in both half-day sessions.*
